Guide to Ethnohistorical Sources comprises Volumes 12 through 15 of the Handbook of Middle American Indians,

published in cooperation with the Middle American Research Institute of Tulane University under the general editorship of Robert Wauchope (1909–1979). The Guide has been assembled under the volume editorship of the late Howard F. Cline, Director of the Hispanic Foundation in the Library of Congress, with Charles Gibson, John B. Glass, and H. B. Nicholson as associate volume editors. It covers geography and ethnogeography, especially the *Relaciones Geográficas* (Volume 12); sources in the European tradition: printed collections, secular and religious chroniclers, biobibliographies (Volume 13); sources in the native tradition: prose and pictorial materials, checklist of repositories, title and synonymy index, and annotated bibliography on native sources (Volumes 14 and 15). Volume 12, which is Part One of the Guide, contains the following: "Introduction: Reflections on Ethnohistory," "Introductory Notes on Territorial Divisions of Middle America," "Viceroyalty to Republics, 1786–1952: Historical Notes on the Evolution of

Middle American Political Units," "Ethnohistorical Regions of Middle America," "The Relaciones Geográficas of the Spanish Indies, 1577–1648," "A Census of the Relaciones Geográficas of New Spain, 1579–1616," and "The Relaciones Geográficas of Spain, New Spain, and the Spanish Indies: An Annotated Bibliography," all the foregoing by Howard F. Cline. In addition it includes: "Colonial New Spain, 1519–1786: Historical Notes on the Evolution of Minor Political Jurisdictions" by Peter Gerhard; "The Pinturas (Maps) of the Relaciones Geográficas, with a Catalog" by Donald Robertson; "The Relaciones Geográficas, 1579–1586: Native Languages" by H. R. Harvey; and "The Relaciones Geográficas of Mexico and Central America, 1740–1792" by Robert C. West. The Handbook of Middle American Indians was assembled and edited at the Middle American Research Institute of Tulane University with the assistance of grants from the National Science Foundation and under the sponsorship of the National Research Council Committee on Latin

During the 1930s in the United States, the Works Progress Administration developed the Federal Writers' Project to support writers and artists while making a national effort to document the country's shared history and culture. The American Guide series consists of individual guides to each of the states. Little-known authors—many of whom would later become celebrated literary figures—were commissioned to

write these important books. John Steinbeck, Saul Bellow, Zora Neale Hurston, and Ralph Ellison are among the more than 6,000 writers, editors, historians, and researchers who documented this celebration of local histories. Photographs, drawings, driving tours, detailed descriptions of towns, and rich cultural details exhibit each state's unique flavor. The rolling hills between the Mississippi and Missouri Rivers are home to the Midwest's Hawkeye State, faithfully cataloged in the WPA Guide to Iowa. Stressing the agricultural roots and varied crops grown throughout the state, this guide includes many pictures depicting the lives of Iowa farm workers in the 1930's. Mobil Travel Guides feature in-depth profiles of the best lodgings, restaurants, sights and attractions that each easily drivable region has to offer. Comprehensive and easy to use, each Regional Travel Guide is full of exciting new tours and loaded with maps. The Rocky Mountains are renowned for rugged grandeur, but the rivers flowing off the peaks are just as

extraordinary in their beauty, nature, and allure. Tim Palmer reveals these natural wonders with their irresistible opportunities for paddling in swift currents and hiking along scenic shores with *Field Guide to Rivers of the Rocky Mountains*. He guides readers across Colorado, Idaho, Montana, and Wyoming in this essential and inspiring reference for residents of the Rockies and visitors alike. Look inside to find: Detailed descriptions of 70 rivers Paddling difficulty and trail locations Directions to landings and trailheads Natural science and conservation history 200 brilliant photos by the author Maps locating all rivers Alexander Wolfe is a Saulteaux/Ojibwa storyteller and the keeper of his family's oral history. These stories belong to his family and include accounts of how the descendants of Pinayzitt, a Saulteaux leader who lived in the Northwest Territories of Canada and the Great Plains of the United States in the 1800s, lived on the land, survived the smallpox and flu epidemics, signed treaties, and were confined to

reservations. The stories blend history with legend and prophecy, giving both the equal weight they occupy in Native oral tradition. In their retelling, Wolfe carries out his responsibility of passing on his family's stories to the next generation, as well as encouraging Natives to record their histories and non-Natives to understand the significance and lessons of these tales. Earth Elder Stories was originally published by Fifth House Ltd. in 1988. It has proven an excellent resource for students of Native Studies, history, linguistics, and literature. Designed for both resident and out-of-state hunters, this comprehensive travel/hunting guidebook has information on hunting tactics and techniques, shot placement, habitat and habits, hunting on public and private lands, and caring for meat and trophies. Also includes essential travel information on restaurants, meat processors, gunsmiths, and more. This bibliography is a guide to the literature on Mexican flowering plants, beginning with the days of the discovery and

conquest of Mexico by the Spaniards in the early sixteenth century. Colorado's high elevation offers spectacular, often tremendous fishing that is more often relayed via rumor than reliable report. But in the Flyfisher's Guide to Colorado's Lost Lakes and Secret Places, veteran angler Mike Kephart gives you the scoop on which Colorado mountain and wilderness lakes and creeks fish well, how to get there, the difficulty of access, and what you can expect to catch. These largely untapped fisheries can be off the table to anglers who can't invest the time and effort required to access them only to find poor fishing. Kephart has done the leg-work – and the cast-work – to determine which lakes hold the big ones, the high populations, the hatches, and the rare species like greenback cutthroat and golden trout. The fish in these hard-to-access places can be eager to eat, so getting to the right ones is worth the effort. Beyond the lakes, Kephart covers some remote canyons and gorges, and side canyons within gorges where he's found excellent fishing. The

author has done the research, sometimes fishing the lakes several times before discovering the bounty. He also covers forest fires, oil development and grazing as those topics apply to fly fishing in the area. Mike Kephart has paid his dues and yours – take advantage of this great opportunity with this new guide from Wilderness Adventures Press. This guide to the 2004-2011 Dodge Durango and Dakota covers all the key aspects of the vehicles, such as basic maintenance, repair and servicing tasks. Haynes offers the best coverage for cars, trucks, vans, SUVs and motorcycles on the market today. Each manual contains easy to follow step-by-step instructions linked to hundreds of photographs and illustrations. Included in every manual: troubleshooting section to help identify specific problems; tips that give valuable short cuts to make the job easier and eliminate the need for special tools; notes, cautions and warnings for the home mechanic; color spark plug diagnosis and an easy to use index. Guide to recreation, fishing, boating, camping and

water sports for 150 Colorado lakes and reservoirs. The Mobil Travel Guide star ratings are a 45-year-old consumer advocacy concept originally developed following the introduction of the interstate highway system. The goal of the Guide is not to identify and rate every property in the country, but to recommend only the best in each category, ones that we would send our customers to. We look at the stars from a consumer's point of view, rating lodgings and restaurants across North America from the perspective of the average traveler. The Guides feature new enhanced descriptions for 2004. Listings include lodgings, restaurants, attractions, and events in established travel destinations, as well as cities and towns on the way to established travel destinations. Our new easy-to-use format makes the Guides even more indispensable to travelers. Each regional guide is organized alphabetically by state, with introductory information about the state followed by city listings in alphabetical order. For each city, the guide lists

sites and attractions, lodgings, and then restaurants. One of the features that sets the Mobil Travel Guide apart from its competitors is its proprietary Mobil star rating system. Forty-five plus years of publishing experience and the oldest non-biased rating system in North America make the Mobil Travel Guide series a must-have for travelers wanting up-to-date ratings of hotels and restaurants.
