In de claustrofobische roman *Laat de wereld achter* van Rumaan Alam wordt een familievakantie ruw verstoord als de eigenaren van de vakantiewoning ineens in paniek op de stoep staan. In *Laat de wereld achter* van Rumaan Alam gaan Amanda en Clay op vakantie naar een afgelegen woning op Long Island. Ze willen tot rust komen van hun drukke New Yorkse leven, qualitytime met hun tienerkinderen doorbrengen en proeven van het goede leven in dit luxe vakantiehuis. Maar hun idylle wordt op een late avond wreed verstoord. Ruth en G.H., het oudere stel van wie Amanda en Clay het huis hadden gehuurd, keren in paniek terug uit Manhattan. Er was een black-out. En nu is dit landelijke gebied opeens ook verstoken van televisie, internet en mobiel bereik. De twee gezinnen zijn op elkaar aangewezen. In de relatief kleine ruimte van het huis ontdekt ieder zijn ware aard in onzekere tijden. *Laat de wereld achter* is op de huid van de tijd geschreven en snijdt veel maatschappelijke thema's aan, zoals ras, klasse en hoe we ons gedragen in tijden van crisis. *Laat de wereld achter* van Rumaan Alam zal niemand onberoerd laten. 'Alam gaat helemaal op in zijn personages. Het resultaat is een onderhoudende roman vol onderhuidse spanning. Deze roman gaat helemaal over onze tijd.' - Kirkus Reviews 'Spectaculair en ominous.' - Publishers Weekly 'Laat de wereld achter is een zeldzame roman: een prachtig geschreven, emotioneel beladen pageturner. Alam schrijft intelligent en elegant over complexe thema's als voorrecht en het lot.' - Jenny Offill 'Een spannende roman over ras en klasse.' - USA Today 'Een betoverende roman.' - The New Yorker 'In deze tijden heb ik geen focus - mijn aandacht gaat van onwaarschijnlijke nieuwsberichten naar het oneindig scrollen door berichten, binnen de muren van mijn woning waar ik me al sinds maart bevind. Ik werd bevangen door de urgentie, de schoonheid en de griezelig gelijkende wereld in Alams roman.' - The Paris Review 'Een pageturner, een perfecte mix van filmische en literaire kwaliteiten.' - The Wall Street Journal 'Laat de wereld achter is intrigerend en claustrofobisch, en nodigt uit om ons ongemak te onderzoeken en te reflecteren op onze eigen overhaaste oordelen. Het levert een schitterend en duister beeld op van familie, ras, klasse, en wat het belangrijkste is wanneer het onmogelijke werkelijkheid wordt.' - Esquire Seminar paper from the year 2018 in the subject Business economics - Offline Marketing and Online Marketing, grade: 1,0, University of Applied Sciences Hamburg (Hochschule Macromedia), course: Lehrprojekt 1, language: English, abstract: In this project thesis a SWOT analysis will be performed on the media company Netflix, Inc. Netflix is the world's leading internet

entertainment service with over 109 million members in over 190 countries. It ranks place 28 in 2017's list of the top 100 world's largest media companies. The success of Netflix has increased constantly in recent years. The reason for this is the evolution of media consumption. The new generation watches series and movies on streaming platforms like Netflix and no longer on television. People have become more independent and can decide for themselves when and where they want to follow their series and movies. Netflix's influence grew in the past but the fight about the TV has not started yet. One day in the near future it will commence, and Netflix needs to be prepared for that. In this project thesis a detailed analysis of the strengths, weaknesses, opportunities and threats of Netflix will be conducted. The special challenge for Netflix is to have a good plan as soon as the cable TV programmes try to attack. Different possibilities of offering better and more customer-oriented content will be analysed. Will Netflix eventually replace the traditional television as we know it and become the number one provider for streaming services? This project thesis will analyse the current situation and in the end a recommendation for Netflix' future will be given. Netflix is the definitive media company of the 21st century. It was among the first to parlay new Internet technologies into a successful business model, and in the process it changed how consumers access film and television. It is now one of the leading providers of digitally delivered media content and is continually expanding access across a host of platforms and mobile devices. Despite its transformative role, however, Netflix has drawn very little critical attention-far less than competitors such as YouTube, Apple, Amazon, Comcast, and HBO. This collection addresses this gap, as the essays are designed to critically explore the breadth and diversity of Netflix's effect from a variety of different scholarly perspectives, a necessary approach considering the hybrid nature of Netflix, its inextricable links to new models of media production, distribution, viewer engagement and consumer behavior, its relationship to existing media conglomerates and consumer electronics, its capabilities as a web-based service provider and data network, and its reliance on a broader technological infrastructure. Augustine, a brilliant, ageing scientist, is consumed by the stars. He has spent his entire life searching for the origins of time itself. He has now been left alone on a remote research base in the Arctic circle, all communication with the outside world broken down. But then he discovers a mysterious child, Iris, who must have hidden herself away when the last of his colleagues departed.

Sully is a divorced mother. She is also an astronaut, currently aboard The Aether on a return flight from Jupiter. This is the culmination of her career, the very reason for all the sacrifices she has made - the daughter she left behind, the marriage she couldn't save. When all communication goes silent, she is left wondering what she will be returning to. Marooned in the vast silence of space and the achingly beautiful sweep of the Arctic, both Augustine and Sully begin to understand their place in the world, and what gives their life meaning. For only in the silence can we find out who we truly are. The movie industry is changing rapidly, due in part to the adoption of digital technologies. Distributors now send films to theaters electronically. Consumers can purchase or rent movies instantly online and then watch them on their high-definition televisions, their laptops, or even their cell phones. Meanwhile, social media technologies allow independent filmmakers to raise money and sell their movies directly to the public. All of these changes contribute to an "on-demand culture," a shift that is radically altering film culture and contributing to a much more personalized viewing experience. Chuck Tryon offers a compelling introduction to a world in which movies have become digital files. He navigates the complexities of digital delivery to show how new modes of access—online streaming services like YouTube or Netflix, digital downloads at iTunes, the popular Redbox DVD kiosks in grocery stores, and movie theaters offering digital projection of such 3-D movies as Avatar—are redefining how audiences obtain and consume motion picture entertainment. Tryon also tracks the reinvention of independent movies and film festivals by enterprising artists who have built their own fundraising and distribution models online. Unique in its focus on the effects of digital technologies on movie distribution, On-Demand Culture offers a corrective to address the rapid changes in the film industry now that movies are available at the click of a button. Explains how Reed Hastings founded the online DVD rental service Netflix. Netflix creates loyalty with every conceivable tool of friendly persuasion, from high-tech market analysis to low-tech phone banks manned by people famous for coaxing smiles out of grumps. Result: a vibrant, highly successful enterprise that has beaten off numerous competitive threats and built an ever more credible promise of future growth. Face it: America is a rich country with mediocre services. What happens when one of your electronic gizmos dies in action? Does the manufacturer instantly send you a personal apology, plus a reimbursement offer, plus a special phone number to call for further help? Of course not. But then there's Netflix.... New Word City, publishers of digital originals, contributes 10 percent of its profits to literacy causes. One of many activities that people all around the world doing in their free time is sitting in front of a screen and watching movies on Netflix. It has gained popularity for the last few years. But do you know how it was set up at first and how it can become such a well-known website like it is today? If you're the curious type then this book is for you. And when I say book, it's a short book. I kept it short on purpose. I want this book to be simple and straightforward. I explain everything in basic terms. I use a lot of pictures and examples. So don't worry. Even if you aren't a tech-wiz, you'll be able to understand what's going on. Here are the kind of things you'll learn. Did you know that: * Stranger Things season 2 was shot in 8K, has nine episodes, took 190,000 CPU hours to encode, and is made up of 9,570 different video, audio, and text files? * Netflix plays more than 1 billion hours of video each week? * Netflix accounts for over 37% of peak internet traffic in the United States? * Netflix runs on several hundred thousand EC2 instances in Amazon's cloud and can use as many as 300,000 CPUs at one time to encode video? * Netflix runs its own worldwide content delivery network (CDN) so it can deliver video to you the fastest and most reliable way possible? * Netflix predicts what you want to watch tomorrow so it can cache video as close as possible to you today? * Netflix customizes your user interface based on learning your preferences? It's possible the user interface you see isn't the same user interface anyone else in the world will see. If you don't know what encoding means, or what a CDN is, or what caching is, or what cloud means, or what the internet is, or what EC2 is, or what an instance is, or how Netflix personalized itself for you--don't worry, we'll cover all that and much more. Sound fun? At the end you'll have the immense pleasure of knowing exactly what's going on the next time you press play on Netflix. Let's get started!

Het is 1979. Als George Clare op een winterse namiddag uit zijn werk komt, vindt hij thuis het levenloze lichaam van zijn vrouw. Zijn driejarige dochter zit in de hal en kan niet zeggen wie er verantwoordelijk is voor haar moeders dood. George wordt in het moordonderzoek direct aangemerkt als hoofdverdachte. Wat heeft zich in het huis afgespeeld? Welke geheimen hadden de Clares voor elkaar? Op subtiele wijze laat Brundage steeds meer doorschemeren over hun problematische huwelijk, hun relaties met vrienden en burens, en de gekwelde geschiedenis van de vorige bewoners van het huis. Alles houdt op te bestaan is door zijn Hitchcockiaanse suspense met elke pagina moeilijker weg te leggen. Op overdonderende wijze overtuigt Brundage met een bedwelmende roman die nog lang blijft nagalmen. This updated version covers the best films and directors of the last 10 years, along with new discoveries in the history of cinema since the last edition was published in 2011, making it the ultimate gift for any film buff or critic. Film stocks are vanishing, but the iconic images of the silver screen remain -- albeit in new, sleeker formats. Today, viewers can instantly stream movies on televisions, computers, and smartphones. Gone are the days when films could only be seen in theaters or rented at video stores: movies are now accessible at the click of a button, and there are no reels, tapes, or discs to store. Any film or show worth keeping may be collected in the virtual cloud and accessed at will through services like Netflix, Hulu, and Amazon Instant. The movies have changed, and we are changing with them. The ways we communicate, receive information, travel, and socialize have all been revolutionized. In Streaming, Wheeler Winston Dixon reveals the positive and negative consequences of the transition to digital formatting and distribution, exploring the ways in which digital cinema has altered contemporary filmmaking and our culture. Many industry professionals and audience members feel that the new format fundamentally alters the art, while others laud the liberation of the moving image from the "imperfect" medium of film, asserting that it is both inevitable and desirable. Dixon argues that the change is neither good nor bad; it's simply a fact. Hollywood has embraced digital production and distribution because it is easier, faster, and cheaper, but the displacement of older technology will not come without controversy. This groundbreaking book illuminates the challenges of preserving media in the digital age and explores what stands to be lost, from the rich hues of traditional film stocks to the classic movies that are not profitable enough to offer in streaming formats. Dixon also investigates the financial challenges of the new distribution model, the incorporation of new content such as webisodes, and the issue of ownership in an age when companies have the power to pull purchased items from consumer devices at their own discretion. Streaming touches on every aspect of the shift to digital production and distribution. It explains not only how the new technology is affecting movies, music, books, and games, but also how instant access is permanently changing the habits of viewers and influencing our culture.

(Piano/Vocal/Guitar Songbook). A brand new take on the Tony and Olivier award-winning musical, Netflix's film adaptation of Roald Dahl's Matilda The Musical tells the story of an extraordinary girl with a vivid imagination, who dares to take a stand to change her story with miraculous results. This exclusive folio presents 12 songs from the hit movie soundtrack, including "Still Holding My Hand," written exclusively for the film. The official songbook contains selections from the soundtrack arranged for voice and piano with chord symbols.

Na haar traumatiserende tienerjaren op de prestigieuze Bradley School bouwt Ani FaNelli zorgvuldig een nieuwe identiteit op. Met haar glamoureuze baan, goedgevulde kleerkast en succesvolle verloofde lacht het leven haar toe. Maar Ani heeft een geheim. Duistere kwelgeesten uit het verleden bedreigen haar wanhopig gecreëerde illusie van perfectie. In een razend tempo en vol onverwachte wendingen beschrijft 'Het gelukkigste meisje ter wereld' de ondraaglijke druk waarmee veel succesvolle vrouwen moeten zien om te gaan. Achter de scherpe randjes en moordende ambitie van de heldin gaat een schokkende waarheid schuil, maar ook een hart dat groter is dan het op het eerste gezicht lijkt. Moet Ani de stilte doorbreken om zich van

haar trauma's te bevrijden? Ook als dat betekent dat ze daarmee alles waarvoor ze geknokt heeft op het spel zet? "Het gelukkigste meisje ter wereld' is het soort boek dat je bij de keel grijpt en niet meer loslaat." - Reese Witherspoon

This essay sheds light on the future of the video streaming services industry and explicates why the traditional movie theater industry will further decline. Moreover, how the movie theater industry can potentially recover by embracing innovative changes is delineated in this essay. Furthermore, how to earn substantial money online so that you can afford to procure video stream subscription services is expounded upon in this essay. The future of the video streaming services industry will not only be characterized by dynamism as it continues to metaphorically evolve, but will also be eminently auspicious for video streaming service providers. In the coming years, more and more people will turn to video streaming services for movies and TV shows, especially as traditional avenues for experiencing movies and TV shows continue to further wane in popularity. "Revenue in the video streaming segment is expected to show a compound annual growth rate of 4.1% from 2020-2024, resulting in a projected market volume of \$32,447,000 by 2024" ("Video Streaming (SVoD)," n.d.). As the behemoth video streaming services industry continues to expand, selections of TV series and movies will be further parred down among individual video streaming service providers. These winnowed down selections among individual video streaming service providers will ultimately render video streaming services less enticing for customers to subscribe to, especially in contexts in which their favorite TV series and movies are no longer available on particular video streaming platforms. Due to growing competition in the video streaming services industry, video streaming service providers will not be able to procure as many licenses to TV series and movies as it was once possible in past years. When video streaming service providers lose licenses to TV series and movies, hardly have any exclusive TV series and movies for customers to watch, and have an eminently finite selection of TV series and movies for customers to choose from then it becomes all the more cumbersome to win over the customer's patronage. The future of the video streaming services industry will not only require video streaming service providers to innovate to remain afloat, but to also provide their customers with meritorious movies and TV series to watch so that they can at the very least retain their existing customer base. The future of the video streaming services industry will present ample challenges for video streaming service providers as they continue to lose licenses to movies and TV series. For instance, "Netflix lost subscribers in the second quarter of 2019 for the first time in years, a combination of the price hike and a content lull. As the US market becomes oversaturated with streaming services with WarnerMedia, Disney, and Apple all launching streaming services, the only way to ensure growth is going outside the United States. Netflix is losing a number of heavily watched licensed series, such as Friends and The Office, to competitors WarnerMedia and NBC Universal respectively. A lack of enticing originals, which plagued the company and helped contribute to a loss of 130,000 subscribers, will continue to grow unless Netflix can ramp up production. It is part of the company's plan to have permanent studio sets that have been purchased for Netflix to produce films and TV shows faster" (Alexander, 2019). In the future, video streaming service providers will become less dependent on leveraging licensed content to drive subscriber growth. Rather, they will be all the more inclined to make a more substantial investment into producing their own TV series and/or movies for the prospect of fueling subscriber growth. In the coming years, video streaming service providers will not only need to expand into more international markets to grow their subscriber bases, but will also need to produce more of their own movies and TV series.

Wat als de persoon voor wie je voorbestemd bent nooit de JOUWE kan worden? Vanaf de allereerste schooldag trekt de mysterieuze, onweerstaanbaar aantrekkelijke en afstandelijke Daniël Grigori de aandacht van Luce Price. Hij komt haar akelig bekend voor en is haar enige afleiding op een plek waar mobieltjes verboden zijn en cameras elke beweging waarnemen. Daniël laat heel duidelijk merken dat hij niets met Luce te maken wil hebben, maar ze kan hem niet negeren. Als een magneet wordt ze naar hem toe gezogen en ze is vastberaden om te ontdekken wat Daniël wanhopig geheim probeert te houden ook al betekent het haar dood. Fallen is een gevaarlijke pageturner en het ultieme liefdesverhaal. Algorithmic recommender systems, deployed by media companies to suggest content based on users' viewing histories, have inspired hopes for personalized, curated media but also dire warnings of filter bubbles and media homogeneity. Curiously, both proponents and detractors assume that recommender systems for choosing films and series are novel, effective, and widely used. Scrutinizing the world's most subscribed streaming service, Netflix, this book challenges that consensus. Investigating real-life users, marketing rhetoric, technical processes, business models, and historical antecedents, Mattias Frey demonstrates that these choice aids are neither as revolutionary nor as alarming as their celebrants and critics maintain—and neither as trusted nor as widely used. Netflix Recommends brings to light the constellations of sources that real viewers use to choose films and series in the digital age and argues that although some lament AI's hostile takeover of humanistic cultures, the thirst for filters, curators, and critics is stronger than ever. Netflix is an American company provider of on demand internet media that has revolutionized the television landscape. They also engage in DVD by mail which is a service where they send DVDs and Blu-ray discs via Permit Reply Mail to clients. The company was formed in 1997 and its base was in Las Gatos California. It originally started as a subscription based service in 1999 and then within 10 years it contained over 100,000 titles with over 10 million subscribers. In 2015, they have seen a large increase of customers where they have over 69 million subscribers. This is partially due to their expansion into different markets so through this they have increased they customer base. Netflix has played a role in making binge-watching a thing. Seventy percent of its users watch television series episode after episode after episode in one sitting! This children's book rewinds Netflix back to its beginning, when the focus was mailing DVDs, and then expands upon the company's growth over a decade. Het adembenemende vervolg op de internationale bestseller Fallen. Hel op aarde. Zo voelt het voor Lucinda om gescheiden te zijn van haar grote liefde Daniël. Het kostte eeuwen om elkaar te vinden en nu heeft hij haar weggestuurd zodat ze veilig is voor de schaduwen die een eind aan haar leven willen maken. Daniël verstopt Luce op een speciale school aan de ruige kust van Californië. Hier komt Luce steeds meer te weten over haar voorbije levens. Maar hoe meer ze ontdekt, hoe meer ze begint te vermoeden dat Daniël haar niet alles heeft verteld. Hij houdt iets achter, iets gevaarlijks. Wat als Daniël's versie van de waarheid niet helemaal waar is? Wat als Luce eigenlijk is voorbestemd voor een ander? 'An old-school page turner with crackling intensity' Stephen King 'Powerful, compulsively readable' Irish Times Eleven-year-old Anna O'Donnell stops eating, but remains miraculously alive and well. A nurse, sent to investigate whether she is a fraud, meets a journalist hungry for a story . . . Set in the Irish Midlands in the 1850s, Emma Donoghue's The Wonder - inspired by numerous European and North American cases of 'fasting girls' between the sixteenth century and the twentieth - is a psychological thriller about a child's murder threatening to happen in slow motion before our eyes. An entirely new and delightful perspective on the history of cinema, this illustrated volume uses timelines to trace its development from the earliest moving images to now. A Chronology of Film presents a fresh perspective on the medium by tracing the complex links between technical innovations, social changes, and artistic interventions in the order that they occurred. Organized around a central timeline that charts the development of film from the earliest moving images to present-day blockbusters, this volume features key films, film commentaries, and contextual information about the period in which they were produced. By revealing the social, political, and cultural environments in which these films were created, this book reveals new insights into great directors like Alfred Hitchcock, Federico Fellini, Francis Ford Coppola, Martin Scorsese, Jane Campion, Barry Jenkins, Pedro Almodóvar, and Bong Joon-ho and films such as Bonnie and Clyde, The Godfather, Moonlight, and Parasite. The book features lavish film stills, commentaries, and lively "In Focus" features with information about the social, stylistic, technical, political, and cultural events of each period. This adorable and original notebook allows you to select the movies and series you want to watch on Netflix or other platforms. The first section gives you the opportunity to choose the movies / series that you want to watch later. The second section allows you to note a complete summary of the film / series (title, director, lead actor, brief description and your

opinion). Finally, you can evaluate the film / series using a system of coloring stars. 'Hard, fast, and unflinching-exactly what a thriller should be.' Lee Child The first in the Court Gentry all-action thriller series, from Tom Clancy's co-writer Mark Greaney. To those who lurk in the shadows, he's known as the Gray Man. He is a legend in the covert realm, moving silently from job to job, accomplishing the impossible and then fading away. And he always hits his target. But there are forces more lethal than Gentry in the world. Forces like money. And power. And there are men who hold these as the only currency worth fighting for. In their eyes, Gentry has just outlived his usefulness. But Court Gentry is going to prove that, for him, there's no grey area between killing for a living and killing to stay alive... ***** 'Bourne for the new millenium' New York Times bestselling author James Rollins 'A high-octane thriller that doesn't pause for more than a second for all of its 464 pages...For readers looking for a thriller where the action comes fast and furious, this is the ticket.' Chicago Sun-Times 'Take fictional spy Jason Bourne, pump him up with Red Bull and meth, shake vigorously-and you've got the recipe for Court Gentry.' The Memphis Commercial Appeal 'From the opening pages, the bullets fly and the bodies pile up. Through the carnage, Gentry remains an intriguing protagonist with his own moral code.' Booklist Voor 35 meisjes is de selectie dé kans op een beter leven. Zo kunnen ze ontsnappen aan een armoedig caste-leven en opgenomen worden in een wereld vol glamour. De selectie biedt de mogelijkheid om in het paleis te wonen en te strijden om het hart van prins Maxon. America Singer vindt het echter een nachtmerrie. Ze moet haar geheime liefde opgeven en haar thuis verlaten voor een strijd om een kroon die ze niet wil. Ze moet in een paleis wonen dat continu wordt aangevallen door rebellen. Dan ontmoet ze prins Maxon en twijfelt ze aan alles. America realiseert zich dat het leven waar ze altijd van gedroomd had in het niet valt bij de toekomst die ze nooit voor mogelijk had gehouden. Today, when you want to watch a movie or television show, there's a good chance you may choose to watch it using Netflix, one of the most popular video services on the Internet. 'Dat is wat je het meest betovert: Backmans humor, fantasie en vermogen om mensen en hun dagelijkse beslommeringen warm en teder neer te zetten, gecombineerd met literair vakmanschap.' - Verdens Gang Het bezoeken van een open huis is meestal geen kwestie van leven of dood, maar het wordt precies dat wanneer een bankrover na een mislukte overval een appartement binnenvalt waar op dat moment een bezichtiging plaatsvindt. Onder de aanwezigen bevinden zich onder anderen een zevenentachtigjarige vrouw die lang genoeg heeft geleefd om niet bang te worden als ze wordt bedreigd met een pistool, een jong stel dat op het punt staat voor het eerst een kind te krijgen maar het over niets eens lijkt te kunnen worden, en een mysterieuze man die zich heeft opgesloten in het toilet. Tijdens deze bezichtiging die ineens een gijzeling is geworden leren de aanwezigen elkaar steeds beter kennen en onthullen ze tegen wil en dank verrassende waarheden over zichzelf. Ieder van hen heeft een leven met verdrietige momenten, pijnlijke herinneringen, geheimen voor hun naasten en passies waar ze zich voor schamen. Als de gijzelaars na enige tijd worden vrijgelaten maar de politie de gijzelnemer niet in het appartement aantreft, vormt dat het begin van een serie verwarrende verhoren, waarin niemand lijkt te kunnen uitleggen wat er in het appartement is gebeurd. Angstige mensen is een hilarische en tegelijkertijd aangrijpende roman over de kracht van vriendschap, vergeving en hoop - de dingen die ons redden, zelfs in de meest angstige tijden. Auden, een stil en vroegwijs meisje, woont na de scheiding van haar ouders bij haar moeder. Om haar pijnlijke jeugd te vergeten en om te kunnen voldoen aan haar moeders hoge verwachtingen heeft ze zich volledig op haar school gestort. Tot overmaat van ramp lijdt ze ook nog eens aan slapeloosheid. Dan krijgt ze de kans om een zorgeloze zomer aan zee door te brengen bij haar vader en zijn nieuwe gezin. Een zomer die vol verrassende wendingen blijkt te zitten en die Auden eindelijk een stukje van haar jeugd teruggeeft. Ze krijgt een baantje in een hippe kledingboetiek en leert eindelijk de wereld kennen die ze zo heeft gemist: een meidenwereld vol vriendschap, meidenpraat en liefde. Ook ontmoet Auden haar soulmate Eli, een loner en voormalig fietskampioen, die net als zij aan slapeloosheid lijdt. Hij neemt haar mee op nachtelijke tochten waarin de twee eenzame zielen steeds dichterbij elkaar komen. In het voorjaar van 1984 vielen scholieren Amanda Collier en Dawson Cole als een blok voor elkaar. Hoewel ze volstrekte tegenpolen waren, leek hun liefde sterker dan de harde realiteit van hun levens in het kleine stadje Oriental, North Carolina. Maar in de zomer van hun laatste schooljaar werd het jonge stel uit elkaar gedreven door een ingrijpende gebeurtenis die hun levens in tegengestelde richtingen stuurde. Vijfentwintig jaar later komen Amanda en Dawson terug naar Oriental voor de begrafenis van Tuck Hostetler, hun oude mentor. Tijdens dat ene weekend in hun geboorteplaats rakelen de ex-geliefden pijnlijke herinneringen op en realiseren ze zich dat de dromen uit hun schooltijd nooit zijn uitgekomen. Samen proberen ze uit te zoeken of hun verloren liefde sterk genoeg is om het verleden terug te draaien. There should be a way to stop the frustration of not knowing what to watch. There has to be. agoodmovietowatch, the movie and show recommendation website trusted by millions of users every year, is out with the latest solution: a TV-Guide-style book for Netflix. On-demand services like Netflix put the burden of choice entirely on you, and it's not easy to cut down from the overwhelming choice of options. This book is a selection of exclusively good movies and shows, titles highly-rated by both viewers (on IMDb) and critics (Rotten Tomatoes). Instead of always watching the latest thing that Netflix comes out with, this book gives you over 130 highly-rated and often little-known alternatives, including the new stuff that's actually worthy of your attention. This book is meant to be as functional and as practical as possible. Its goal is to spread the word about the existence of a better way to interact with a service like Netflix. Get it or give it to a friend who is constantly complaining about not knowing to watch - it's meant to be both a timely and timeless solution. It features both movies and shows that will expire and Originals that will never leave Netflix. Do you like movies? On Netflix? Now you can write down the good the bad and the ugly with this month to month journal holding prompts, questions and other small activities about Netflix movies and actors/actresses. You'll have fun looking back to see which movies you watched throughout the months, which ones you liked and which ones you might never watch again! Happy Netflix movie journaling! Vanaf het vallen van de avond tot in het holst van de nacht vertelt Marlow zijn scheepskameraden het beklemmende verhaal van zijn tocht over de rivier de Kongo. In opdracht van een Belgische handelsmaatschappij vaart hij met een afgeleefde boot naar het hart van Afrika, op zoek naar de mysterieuze verdwenen handelsagent Kurtz. Tijdens zijn reis maakt Marlow kennis met de donkerste krochten van de menselijke geest, gepersonifieerd door de bandeloze en ontspoorde Kurtz, die bij zijn dood het definitieve oordeel over de mensheid velt: 'Afgrijselijk! Zo afgrijselijk!'
