hacks Your no-
nonsense guide to
getting in touch
with your iPhone.
The iPhone 5S
introduced several
new features not
seen in the iPhone
5, such as a
fingerprint scanner,
new camera
features, and an
entirely new
operating
system.This guide
will introduce you
to these new
features and show
you how to use
them. This book
gives task-based
instructions without
using any technical
jargon. Learning
which buttons
perform which
functions is useless
unless you know
how it will help you
in your everyday
use of the iPhone.
Therefore, this

guide will teach you
how to perform the
most common
tasks. Instead of
presenting
arbitrary
instructions in
lengthy paragraphs,
this book gives
unambiguous,
simple step-by-step
procedures.
Additionally,
detailed
screenshots help
you to confirm that
you are on the right
track. This Survival
Guide also goes
above and beyond
to explain Secret
Tips and Tricks to
help you
accomplish your
day-to-day tasks
much faster. If you
get stuck, just refer
to the
Troubleshooting
section to figure out
and solve the
problem. This
iPhone guide
includes: - Using

Siri - Using the Notification Center - Searching a Web Page - Viewing an Article in Reader Mode - Selecting a Pre-Loaded Equalization Setting - Taking a Picture from the Lock Screen - Creating and Editing Photo Albums - Editing Photos - Inserting Emoticons - Customizing Keyboard Shortcuts - Customizing Custom Vibrations - Using LED Flash Alerts - Formatting Text in the Email Application This guide also includes:

Troubleshooting- List of iPhone-friendly websites that save you time typing in long URL addresses The twenty-first century offers more technology than we have ever seen before, but with new updates, and apps coming out all the time, it's hard to keep up. Essential iPhone: iOS 12 Edition is here to help. Along with easy to follow step-by-step instructions, illustrations, and photographs, this guide offers specifics in... Setting up iOS 12 on iPhone and upgrading from previous versions A look at the updates introduced in iOS 12 Getting to know your iPhone, finding your way around

the dock, menus, and icons Navigating with touch gestures using quick peek, 3D touch, tap, drag, pinch, spread, and swipe Multi-tasking with the app switcher A look at the new control centre and how to make use of it Getting to know Siri, voice dictation, and recording voice memos Communicating with email, FaceTime, iMessage, using digital touch, and peer-to-peer payments Using the Phone app to make and receive calls Browsing the web with Safari web browser Taking and enhancing pictures, panoramic and live photos, as well as recording video Listening to music

with Apple Music and iTunes Store, as well as watching films and TV Using the Files App, as well as Maps, News, Apple Books, Notes, Apple Pay, Calendar, and Contacts

Maintaining your iPhone with updates, backups, general housekeeping, and much more...

Unlike other books and manuals that assume a computing background not possessed by beginners, Essential iPhone: iOS 12 Edition tackles the fundamentals of the iPhone, so that everyone from students, to senior citizens, to home users pressed for time, can understand. So, if

you're looking for an iPhone manual, a visual book, simplified tutorial, dummies guide, or reference, Essential Phone: iOS 12 Edition will help you maximize the potential of your iPhone to increase your productivity, understanding, and help you take advantage of the digital revolution.

iOS 10 for the iPhone includes a host of exciting new features—including an all-new Messages app, updates to Maps, Search, 3D Touch, and widgets. And the iPhone 7 and 7 Plus have new, more advanced cameras, and you can do more with Siri and third-party apps than ever before. What's the best way to learn all

of these features? iPhone: The Missing Manual is a funny, gorgeously illustrated guide to the tips, shortcuts, and workarounds that will turn you, too, into an iPhone master. This easy-to-use book will help you accomplish everything from web browsing to watching videos so you can get the most out of your iPhone. Written by Missing Manual series creator and former New York Times columnist David Pogue, this updated guide shows you everything you need to know about the new features and user interface of iOS 10 for the iPhone. If you believe some news stories, the latest

iPhone update (iOS 9) is radically different and you should beware of updating! They're wrong! This book is for both new users of iPhone and those upgrading to the latest update. I'll walk you through the changes and show you why updating is nothing to be afraid of. The iPhone doesn't come with a handbook / user guide; this doesn't mean that you have to buy someone else's handbook! iPhone does have a handbook! There are three ways to get it: 1. Download it from the Apple iBookstore (it's free) 2. Get it online by going to manuals.info.apple.com 3. Get it on your phone; if you go to your

bookmarked pages on Safari, the last bookmark is for the 'iPhone User Guide'. So why do you need this book? This book was written for my parents; people who needed to know as much as possible, as quickly as possible. There are people who want to know every single little detail about the iPhone, and you will find that in Apple's comprehensive manual. If you are like my parents though, new to the iPhone and just want to learn all the basics in about 30 to 60 minutes or an hour that is, then this guide will help you. People who just want to know how to add their contacts, how to take photos, and

how to email. It's not for advanced users, though if you are upgrading from the previous Apple iOS (iOS 8) then you will most probably find it useful. If you are ready to learn read on! Now that you have got the iPhone 13 Pro Max, you are probably wondering what next? How do you make the most of this flagship phone and learn to use some of the hidden features of the phone? If you thought iPhone 12 or any other previous iPhone to have come from Apple is the bomb, wait till you start using your iPhone 13 Pro. On this phone, Apple took it to a new level that will be difficult for competitors to catch up with any

time soon. Anyone on the Apple Ecosystem should consider him or herself fortunate to be alive to witness the advanced technology behind the hood that makes life when using the iPhone 13. With more and more people using video technology for their everyday use, Apple has included a whole new lot of video-related features that can help you use your iPhone for cinematography purposes. The iPhone camera has so many hidden features and tricks that you probably don't know about and only a book like this can help to expose those hidden features for you. If you have an iPhone 11 Pro and

want to be able to take stunning photos with it, then this book is for you. This time with the launch of the iPhone 13, they have included camera upgrades like Portrait mode video, updated filter systems, ProRes, and so much more, but will require that you master the camera setting for you to be able to use it to capture great shots, which is why you should be ordering this book right away because it is going to tell you how to do just that. Very often the manuals and user guides that accompany devices tend to be basic on providing the best tricks and tips required to get the best from such devices which is

why this book was written to help you get the most out of your iPhone 13 Pro Camera app. In this book, you will learn: How to use the iPhone 13 Pro exclusive feature called ProRes The meaning of Cinematic mode and how they improve your iPhone videography Why manual camera settings can improve your picture quality How to access some hidden camera functions that you probably did not expect a phone camera to have The different functions of the three lenses and how you should use them Why you should not use the digital zoom and use the optical zoom instead to get

the best from your photos. This book shows many more functions than you would expect to find on a phone and helps you better utilize your iPhone 13 Pro Max when next you go on a trip, visit the airport, go on vacation, capture important moments, and document the different stages of your child's life. This book is so valuable that this present price is not likely to stay for long as it will be reviewed soon, only those who make an early decision to buy now will benefit from this bargain as it is a real gem of a book. Translator: Johnn Bryan You have one of the best iPhones produced by Apple but do not

know how to use it ! !! Purchasing a new iPhone 12, 12 Pro and 12 Pro max device can be exciting and intimidating all at once! It's like getting a new toy. Have you ever seen someone using Iphone 12 adeptly and you wondering how they came about the cool stuffs? Sometimes it seems like magic seeing people operating their iPhone swiftly and proficiently. Some of the tricks you will find in this book might seem strange to you and some quite unclear and even sometimes clear, but they will all do something awesome by making you understand and master your iPhone Device like a

Professional. The iPhone 12 series are among the best phones money can buy. On the other hand, being arguably among the best phones, means it comes packed with a lot of features. How do you use all of them? The iPhone 12 series are arguably among the best phones out there. It's Powerful, Takes great photos, and does a lot of things. But, is it easy to use? For some people, absolutely! Nevertheless, if you've never used it before or you've used it before, but want to get the most out of it, if it's a little intimidating. This book will help! This is a Comprehensive Guide for both dummies and

professional to help users to knowing how to use any of their iPhone 12 series devices proficiently and it is written in a way to help you use your iPhone SE 2020 and all its powerful features as quickly as possible. Use the full functionality of your iPhone SE to do anything and everything you want to do and even do better. This concise user guide is designed in a way that will help you as quickly as possible. Nobody likes to spend hours with a manual! They are always impatient to wanting to use their new toy! I intentionally worked on this concise guide to make it a little more casual and fun than what you expect

from most iPhone manuals. The iPhone is a cool device or gadget, and any guide in relation to this should be an equally fun read. Are you ready to start making use of your iPhone proficiently and enjoying your adeptness? Then let's get started! This book contains tips on how to; - How to record dolby vision controls - How to record videos faster with quick shot - Connect The Playstation Controller To The Iphone 12/max - How To Temporarily Disable Face Id - Use Airplay To Transmit Hdr Content To Your Tv Apple - Create A Smart Home screen

Widget - How to personalize rear touch controls - How to Force The Password On Your iPhone 12 And 12 Pro/max - You Can Quickly Load Up To Half Capacity In 30 Minutes How to connect the iphone 12 and 12 pro AND MANY MORE... Explains how to use the innovative cellular phone and learn all the options of its additional capabilities which include conference calling, text messaging, playing music and videos, displaying photographs, along with Internet access and email. Are you getting bored and irritated with most iPHONE 11, 11 PRO or 11 PRO MAX manuals and/or user guides that are just too

wordy and complicated? Would you truly like to have a deep understanding of your iPhone 11, 11 PRO or 11 PRO MAX Device? Are you ready to start making use of your iPhone 11, iPhone 11 PRO or iPhone 11 PRO MAX device proficiently and use the full functionality of your iPhone device to do anything and everything you want to do and even do better? Then let's get started! I intentionally worked on this guide to make it a little more casual and fun than what you expect from most iPhone manuals. The iPhone is a cool device or gadget, and any guide in

relation to this should be an equally fun read. The iPhone 11, iPhone 11 pro and iPhone 11 pro max are among the best phones money can buy. On the other hand, being arguably among the best phones, means it comes packed with a lot of features. How do you use all of them? The iPhone 11 series are arguably among the best phones out there. It's Powerful, Takes great photos, and does a lot of things. But, is it easy to use? For some people, absolutely! Nevertheless, if you've never used it before or you've used it before, but want to get the most out of it, if it's a little intimidating. This book will help!

For both amateurs and professionals to get the most out of this latest master piece from Apple, this precise and straightforward guide is just what you need to play around your 11 series devices, and it includes both basic and advance tips & tricks. This is a simple guide for both dummies and professional to help users to knowing how to use any of their iPhone 11 series devices adeptly and it is written in a way to help you use your device and all its powerful features as quickly as possible. This concise guide is packed with top tips and in-depth tutorials that will help you get started quickly and also

uncover the exclusive features like how to use gesture and shortcuts, how to start dark mode settings and customize your phone, and lot more. In this book you'll discover stuffs like: - How to setup the device - How to make your iPhone SE work smoothly - Specs & reviews - How to scan documents with your device - How to take ridiculous selfies - How to hide apps - How to protect your device - How to use the keyboard as a trackpad AND MANY MORE TIPS & TRICKS... most out of your

iPhone. Written by Missing Manual series creator and former New York Times columnist David Pogue, this updated guide shows you everything you need to know about the new features and user interface of iOS 11 for the iPhone. The iPhone is one of the most useful pieces of technology you can buy. Not only can it make phone calls for you, but it can also browse the web, video call friends and family, and even take measurements of everyday objects around your home. This brand new book for 2021 is all about making sense of the iPhone, even if you've never used one before. You'll learn about the very

basics, how the built-in apps work, and how you can use an iPhone to enrich and improve your life. Large images and step-by-step guides throughout make it easy to learn. Inside you'll discover: - All the basics covered, including buttons, gestures, and typing - How to find and install apps - Step-by-step tutorials for browsing the internet - Instructions for setting up accounts and checking emails - How to make video calls to loved ones - The secrets of iPhone photography - How to configure Settings & much more! This guide is formulated to help you get started with using your iPhone

in as little time as possible. You can start using the iPhone as soon as you start using this book rather than have to wait to finish the guide before starting. That is not even all, this guide was purposely written to serve as an iPhone guide in a non-formal and too techy language except where it cannot be avoided, even then, a lot of efforts has been put in to ensure the language used in this book is a little more casual than what you would expect from most other iPhone manuals. With this book in your hands, you can save yourself time and tons of energy by sampling following the tips, tricks, and

advice you'll find within. You will also gain immense knowledge in the step-by-step, easy-to-follow chapters used throughout this book. Only those who have this book can benefit from having such an amazing reference book that can deal with any potential challenges you might find face along the way. □□□ From an iPhone Novice to Expert User! □□□ Acquiring an iPhone can be both a thrilling and intimidating experience! On the one hand, it's can feel like just being gifted a new toy you have always wanted, especially a great phone like the iPhone 12 Pro Max, on the other hand, being called one of the best phones on

planet earth means it has to have lots of features, I mean you probably would have also found out for yourself that it does have lots and lots of features! Some of which you probably may never use. But for those features you intend to use or should use; you will need a great guide like this book that understands your needs and is ready to take you through the process in a language simple to understand. This guide is formulated to help you get started with using your iPhone in as little time as possible. You can start using the iPhone as soon as you start using this book rather than have to wait to finish the guide

before starting. That is not even all, this guide was purposely written to serve as an iPhone guide in a non-formal and too techy language except where it cannot be avoided, even then, a lot of efforts has been put in to ensure the language used in this book is a little more casual than what you would expect from most other iPhone manuals. The iPhone 12 family uses the new iOS 14 which expectedly comes with many useful tools, including the ability to display Triple-lens 3D camera for better video and gaming and a lot more. The New physical design is also a slight departure

from the iPhone 11 and comes prepared to handle 5G connectivity as well as integrate two forms of 5G. It is needless to say that the iPhone 12 Pro Max is a great engineering combination of premium hardware, quality software, and great accessories all aimed at making your user experience with the iPhone a great one. They have successfully done that over the years. Some of the things you should expect in this book include:

- Manage Apple ID and iCloud Settings on iPhone
- Ways to use iCloud on iPhone 12
- Take a Screenshot or Screen Recording On iPhone
- 12Change iPhone

12 Sounds and Vibrations. •Home screen and open apps •Type and Edit Text on iPhone 12 •Add or change keyboards on iPhone 12 •Using Maps Application •Use and Customize Control Center on iPhone 12 •Allow Features Access from Device Lock Screen •How to use app clips on iPhone •Choose iPhone 12 Settings for Travel •Set up Screen Time for a Family Member on iPhone 12 •Set Do Not Disturb on iPhone 12 •Turn on Do Not Disturb While Driving •Switching Between Apps on iPhone 12 •Switching Between Open Apps •Lots more within the pages of the book The iPhone is

arguably the most powerful phone out there and can be used to take great photos and can do just about anything. Then, even though some people intuitively find it easy to use, for some others, especially for those who have never used it before or those who simply want to get more out of it, it

PUBLISHER:

The iPhone 7 introduced many new features, which redefined the iPhone. This guide will introduce you to these new features, as well as the rest of the iPhone 7 and iOS 10. The Guide to the iPhone 7 gives task-based

instructions without using any technical jargon. Learning which buttons on your iPhone 7 perform which functions is useless unless you know how it will help you in your everyday use of the iPhone. Therefore, this guide will teach you how to perform the most common tasks. Instead of presenting arbitrary instructions in lengthy paragraphs, this book gives unambiguous, simple step-by-step procedures. Additionally, detailed screenshots help you to confirm that you are on the right track. This guide also explains Secret Tips and Tricks to help you accomplish your

day-to-day tasks much faster. If you get stuck, refer to the Troubleshooting section to isolate and solve the problem. Help is here! ☐☐☐ Let's get started with iPhone 12 Mini ☐☐☐ Apple proved it can still pull off a surprise in 2020 when it unveiled the iPhone 12 Mini. It's small, surprisingly affordable, and packed with all the powerful features people expect from an iPhone. But how do you use it?! I'm sure you are excited to use the phone, and maybe you even have! But if you really want to get the most out of your phone, then this guide will help. It skips all the highly technical and advanced stuff and tells you only about

the things people actually use! If you are looking for a guide to help you get up and running as quickly as possible, then this book will help. It covers: What's new to iOS 14 The difference between all the phones Using an iPhone that doesn't have a Home button Using Face ID How to add widgets to your Home screen Organizing apps with the App Library Buying, removing, rearranging, updating apps Taking, editing, organizing and sharing photos Apple Services Using Siri Using pre-installed apps like Notes, Calendar, Reminders, and more Making phone

calls and sending messages Must have apps And much, much more! Are you ready to start enjoying your new iPhone? Then let's get started! Note: This book is not endorsed by Apple, Inc and should be considered unofficial. It is based on "The Ridiculously Simple Guide to iPhone 12 Mini" but has extra content covering accessibility. The iPhone has never been more indispensable than it is now. It's a device that enables us to stay in touch with loved ones wherever they are around the world. It lets us capture important moments and relive treasured memories, and it

keeps us informed and entertained. The iPhone 12 takes one of the most significant steps forward, in both design and technology. It includes support for 5G, improved wireless charging, a beautiful new design, and it comes in four different sizes. This book is the ultimate step-by-step guide to the iPhone 12, iPhone 12 mini, and iPhone 12 Pro. Brought to you by the expert team at Leaf Publishing, and written by best-selling technology author Tom Rudderham, iPhone 12 Guide is packed with top tips and in-depth tutorials. You'll uncover the basics of activating and using your iPhone, learn how

to take incredible photos, discover how to use iOS 14 and its built-in apps, plus much more. By the time you've finished reading iPhone 12 Guide, you'll be a pro in nearly everything iPhone and iOS related. Inside you'll discover: - All the basics covered, including buttons, gestures, and typing - How to find and install apps - Step-by-step tutorials for browsing the internet - Instructions for setting up accounts and checking emails - How to make video calls to loved ones - The secrets of mastering iPhone photography - How to configure Settings & much

more! Everything you need to know about iPhone - we take you through the process starting with "Hello", learn basic and advanced settings, have user guides for some of Apple's apps, like Camera, Music, FaceTime, and more and share tips and secrets. By popular demand on self-explanatory iPhone 11 guide with step by step screenshots and easy to understand tips for both beginner and senior even the dummies to become professionals of their iPhone 11.
