This landmark text discusses current issues and trends to help employee assistance and human resource professionals do their jobs better and help people live happier, more productive lives by providing them with the resources to deal with personal problems. The current spiraling and escalating rate of change within the business and working world, fueled by other events and phenomena since September 11, 2001, were the impetus and driving force behind the initiative and development of this new fourth edition. This book contains 43 chapters; a total of 21 are from the first two editions, eleven were written specifically for the third edition, and eleven new chapters were exclusively written for this new fourth edition. While savoring the still pertinent, meaningful and relevant-to-today materials from the previous editions, there are nine new updates, written by an all-star team of experts in their respective areas. The topics include history and philosophy, structure and organization, client services and characteristics, program planning and evaluation, professional and paraprofessional training and development, special issues, selected examples and future directions. An excellent textbook for college and university courses and preparation source, this book is a must for professionals wanting to be up-to-date on employee assistance programming, for students in graduate courses and seminars, for college and university courses, and in-service training and continuing education programs. Business today is up against a myriad of complexities -- disruptive competition and technologies, volatile economic forces, and a complex and evolving work force. There is unending pressure to do more with less, deliver short-term goals while driving long-term sustainability, all while finding and retaining the top talent to get it done. Learning how to navigate these pressures is the difference between a thriving business and a dying one. To break out, businesses need to rethink the fundamental drivers for success. In Purpose Meets Execution, Efron shows us the most powerful driver of success is a culture of purpose combined with executional excellence. Efron has developed a framework that merges the power of a purpose-driven organization with executional excellence. He applies proven diagnostics to determine if the company has a clear and meaningful sense of organizational purpose and whether that purpose is effectively aligned with business practices across functional areas. He works with each company to address gaps and create a plan for continuous improvement. When companies understand and implement a plan and process to balance purpose and execution, they: Create an unbeatable competitive advantage in the market by paving the way to find and retain the best of the current and next generation workforce Delight customers Deliver exceptional and sustainable results. Established and start-up bookkeepers will both learn from the materials in this book. We focus on critical technology and workflow solutions that can streamline your business. Once operations are firmly in hand, the next step is to scale the business up through significant growth. We offer the ideas and tools to get you well on your path to exponential growth. From their roots in the occupational alcohol programs in the 1940s, human services programs within organizations have grown exponentially. However, the seamless integration of each facet of those expanding programs into a cohesive whole has proven to be a major challenge. This book presents a comprehensive cross-section of experienced professionals who discuss their efforts to fully integrate employee assistance, work/life, and wellness services. This in-

depth examination of concepts and practical application of integrated programs in sponsoring organizations provides practical strategies to make your own organization's human services more useful, and therefore help employees be more productive. The latest research is clearly presented, with a wide-ranging review of current program models in notable organizations that illustrates exactly what is most effective in the field of work-based human services. This book provides a beneficial perspective on the present state of employee assistance, work/life and wellness services in the workplace, and then takes a detailed look at the economics of integration with a value-benefit analysis. Other chapters include program models at various organizations presented by the professionals fully involved in their implementation. Integration strategies are carefully described for academic settings; external service providers; internal programs; hybrid models; and the public sector. An in-depth critical analysis of integration, its effectiveness, and its real value is presented, along with a chapter on the future of the integration of work-based human services programs. The text is extensively referenced with helpful tables and diagrams to enhance clarity of ideas. The Integration of Employee Assistance, Work/Life, and Wellness Services examines the unique aspects of integrated programs at: • University of Arizona • Johns Hopkins University • University of California-Berkeley • Motorola • Wells Fargo • Ceridian • Ernst and Young • Fairview Hospital • US House of Representatives, State of Minnesota EAP • Australia, the United Kingdom, and Europe This book is essential reading for all Human Relations Professionals particularly those connected with their EAP, work/life, and wellness services, as well as students in related fields.
