hilarious mystery that will leave you laughing 'til you cry... It's been years since ex-CIA agent Merry Wrath was undercover with Carlos the Armadillo in Colombia. So why is Teo the Tapir suddenly in Who's There, Iowa looking for her? Merry and Teo were not on the best terms back then, especially after he attempted to blow her up. Is he in town to get revenge, or is he telling the truth about wanting to retire and let bygones be bygones? It's a question that becomes much more important when a mutual colleague is murdered in Merry's garage. Suddenly Merry wonders if Teo did it to frame her. As usual, this isn't a great time for a dead body, since Merry is having trouble teaching her troop to use drones responsibly, her twin taxidermist sisters-in-law are trying to keep Merry from spilling their big secret, there are rumbles of a sexist schism in the teenage Cult of NicoDerm and there's an issue involving fifty-one hamsters that needs to be resolved—like now! Can Merry keep it together long enough to discover the truth about Teo? Or are some memories too deadly to hold onto? What critics are saying about Leslie Langtry's books: "I laughed so hard I cried on multiple occasions! Girl Scouts, the CIA, and the Yakuza... what could possibly go wrong?" ~ Fresh Fiction "Darkly funny and wildly over the top, this mystery answers the burning question, 'Do assassin skills and Girl Scout merit badges mix...?'" ~ RT BOOKreviews "Mixing a deadly sense of humor and plenty of sexy sizzle, Leslie Langtry creates a brilliantly original, laughter-rich mix of contemporary romance and suspense." ~ Chicago Tribune "Langtry gets the fun started from page one." ~ Publisher's Weekly From USA Today bestselling author, Leslie Langtry comes the next assassin-in-suburbia Merry Wrath Mystery... But when they find a dead woman dressed as a witch, a mysterious treasure, and face a ruthless kidnapping, it looks like Merry's in for a different kind of triple threat. To add fuel to

her bonfire, Mom's in town—meaning Merry has to replace all that bullet-riddled furniture in the guest room—and with her wedding date approaching, her groom-to-be's twin taxidermist sisters are insisting on doing the decorating. Between her family fiascoes and a dead witch who was loathed by everyone in town, Merry's head is spinning faster than an apple in a bobbing barrel. Who wanted this mean girl dead? Do you want to know the secret to selling more of your self-published books? Would you like to increase the number of retailers selling your books (and your potential earnings) by 200%, 300% or more? Do you know why Amazon's KDP Select program is keeping you from achieving true global distribution of your eBooks? Would you like to know why over 50% of self-published Indie Authors made less than \$500 in 2011 while the "Top Earners" of the self-publishing world are making tens of thousands; even millions of dollars per year? Global Marketing expert John Weisenberger wanted to know the answers to these questions too, so he researched, experimented, and researched some more until he

discovered what it really takes to successfully market and sell a self-published book. What he found may truly shock you. It may shock you to learn how easily Amazon is duping authors into granting them the exclusive right to distribute their eBooks and no one seems to mind. And speaking of eBooks, it may also shock you to discover just how simple it can be to "go global" with the marketing and sales of your eBooks now that the old world of the big publishing houses is being replaced by a new world of digital content and eReaders. You see the simple solution to selling more self-published books is to make them more visible and "discoverable" around the world which can be accomplished using a global marketing framework called the ezGlobalPublishing™ Roadmap which consists of seven simple steps that will deliver new readers and increased global sales of your books. It doesn't matter if you're writing fictional mysteries, suspense/thrillers, or romance novels, or if you're writing non-fiction business books or how-to guides, the ezGlobalPublishing Roadmap will put your book in more retail outlets and in front of more potential buyers in as little as 90 days using today's global eBook distribution channels. Theoretically, you put in some time and money in the start, then relax and let the money pour in when you focus on other things. This appears like a dream become a reality, but it's mostly only a dream. In today's workforce, relying on one income source is risky. Job protection is rarely guaranteed, and a little extra cash is useful always. By using your primary income source to cover basic expenses, you may use extra income streams to pay off debts, reduce your economic burden, or avoid going further into debt when you are able to pay for larger purchases up front rather than with a credit card or loan. Conversely, passive income is cash that continues to pay out following the initial work is done. Traditionally, income that were considered "passive" generally included money earned from investments in shares or profit acquired by a person who had invested in accommodations property but wasn't involved in the management or day-to-day functions of that property. This book covers: Passive Income Dropshipping Affiliate Marketing Blogging Dividend

Stocks Merch By Amazon Programs Amazon Fba Ebook Online Courses Freelancing As A Virtual Assistant.....AND MORE!!! These are great ways to make passive income still, although they require a substantial investment right from the start. With the rise of the internet, the potential to develop passive income is around every corner if you know where to look, and you will get started with much smaller investments. Although you absolutely can drastically reduce the amount of time you may spend working throughout the full week, a passive income stream won't be quite passive fully. In order to ensure you possess a well-curved understanding of all aspects of your business, it is suggested to be as included as you can be in the start. You can then outsource whatever you don't want to do or that you aren't well-suited for to experts, or automate with software. Among the great perks of working online is that you can have got multiple businesses creating income for you without the trouble of owning or renting different buildings, hiring managers, personnel, maintenance, etc.; or trying to find and attract a person base in your area. Your online businesses could be available to anyone across the globe twenty-four hours a time, 3 hundred sixty-five days a full year. With outsourcing and automation, these tools can grow your client base and make you money any moment of day or night with minimal involvement on your own part. It's never too late to begin with building passive income, and you don't need to be a trained businessperson to begin with building your own business online. If you are ready to put in your time and effort to learn and improve as you move, you can build an effective business and passive income stream in addition to anyone. With an online business, you will be your own boss and work from you want anywhere. And the best part is that there is no cap on how much money you may make.
